Meet Our New Staff

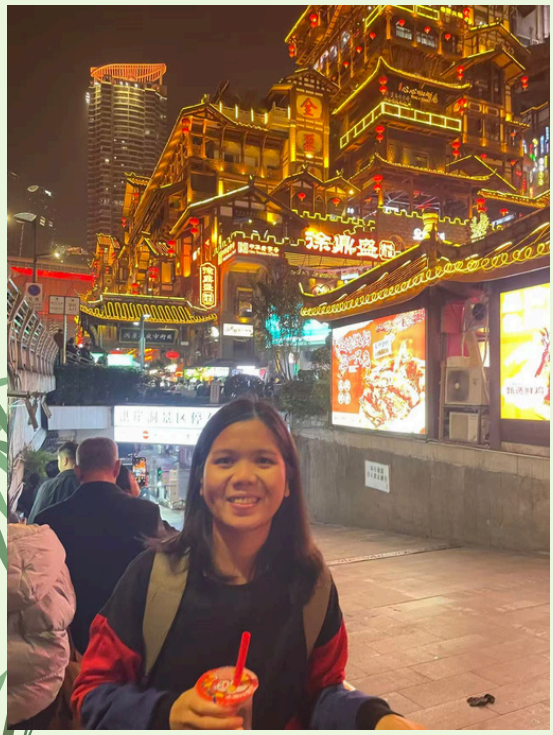

Sponsored by CLIPCO

Shreya Mondal
English IA - Rooms 12, 13

Hi! Myself Shreya Mondal here and I'm excited to be part of the Muir school community as an Instructional Aide supporting third-graders of Rooms 12 and 13. I hold Master's Degree in Geography and Education. I have several years of experience in teaching in India and couple of years in the United States. I love working with kids and help them learn and grow.

Outside of school, I enjoy spending time with my husband and my five-year-old son, who keeps me smiling and reminds me to appreciate the little things in life. Our family loves traveling, exploring new places, and making wonderful memories together.

Molly Chen
Muir School Site Instructional Technology Specialist (SSITS)

I grew up in China and completed my college education in New York City, which gave me the opportunity to experience different cultures and perspectives. One interesting fact about me is that I enjoy helping students and others solve technical problems and feel more confident using technology. I'm always excited to learn about new digital tools and share them with teachers and students to support teaching and learning.

CLIP NEWS 動態

Meet Our New Grade Rep

Christine Yow - 1st Grade Rep

- I am a proud mom of two spirited children (a 1st grader at CLIP and a three year old in daycare).
- My husband and I are both high school teachers. 👩🏻
- I grew up in Cupertino and am a product of CUSD/FUHSD schools. I attended McAuliffe, Miller, Kennedy, and Monta Vista.
- My interests include running/exercising, sewing/quilting/crafting/building and vibe golfing ⛳ (not keeping score and seeing bunkers as adventure)
- I love pushing myself to try new things (like 1st grade rep).

Muir Costume Swap

During October, Muir hosted its first ever costume swap. Families donated costumes that they no longer wanted but could be re-used by others by feeding it to **Oscar** the yellow monster in the office, and then families were invited to shop for costumes.

Oscar is now collecting candy to donate to Veterans.

Disaster Drill - 防災演習

Oct 15 - Students at Muir simulated an earthquake drill. First they ducked under the classroom tables. After the pretend shaking stopped, they evacuated out to the blacktop. All staff members including the IAs were assigned different roles during the drill, such as patrolling campus and handling first aid.

Halloween at Muir - 萬聖節活動

Halloween at Muir started off with a **costume parade** in the morning. In the evening, there was Trunk-or-Treat, two **escape rooms**, one **scavenger hunt**, and a **movie** played on a large outdoor screen. We could not have done it without the families that donated treats for the trunks, and the families that helped plan, set up and clean up for the activities. Thank you to all the volunteers involved.

Personal Experiences with Being a Resilient Learner 堅韌的學習者

張龍凱 **Lucas Chang**: It was my first time at Movement, a bouldering gym, with my brother. I tried to climb an amateur route first, and I had to launch myself from one hold to another, but I kept falling short because I didn't have a good place to plant my feet. My brother told me I had to gain momentum, so the next time I tried to climb it, I swung a little before I jumped, and that gave me the little boost I needed to finish the climb and reach the top. It took me about 20 minutes for that one route, but I still tried to complete it.

陳政澔 **Aric Chen**: I would just deal with what I am feeling and push through it until I get to the weekend, when I can unwind and prepare for the next week.

李晴 **Carolyn Li**: I think my biggest challenge is staying focused when doing homework. Now, when I go to my desk, I put my other electronics away, close tabs, and open all my school things so they are ready.

刘奕辰 **Sophia Liu**: In Orchestra, I was struggling with the entrances and matching up with the other instruments, and that got me very frustrated. That same week, at home, I listened to the pieces online and played through them line by line, matching up everything before playing the entire thing with the video. This let me match up the rhythms well.

王羲雄 **Kyle Ong**: I faced many challenges when doing homework since I like to procrastinate. I adjusted my approach by splitting up the work over different days.

田武成 **Thalen Taylor**: One time, I was stuck on a math problem, so I thought really hard and reviewed old notes, questions, and problems, and I got it done perfectly.

蔡岱伶 **Alexis Thai**: One time, I had a project for a class, and I kept getting the answer wrong over and over again. I couldn't figure out why, but it turned out I had read a part of the question wrong. I finally read it correctly and did it again, and I got the answer right.

田昕然 **Sara Tian**: Whenever I get into a fight with my mom and get super upset, I try to calm my mind down with a breathing technique or just go outside and walk with my friend for one or two hours until I calm down enough.

鄭凱 **Kai Tay:** In a swimming race, I was behind everyone else, but I still managed to push through and catch up with the other competitors.

CLIP G8

MILLER NEWS 米樂校園動態

Ms. Chern, Room 49 - 8th Graders

Personal Experiences with Being a Resilient Learner 堅韌的學習者

鄧艾詩 **Iris Deng:** A personal experience I had was in dance when I was not improving, but my abilities were decreasing. I adjusted my approach by doing stretches every day and taking time out of my day to actually try.

趙善欣 **Jordyn Cho:** I will try to find other ways or think in a positive way. (Fortitude)

郭樂宜 **Leyi Guo:** I had to record myself playing a song for a piano test once. I messed up each time, ending up with about 50 takes. I thought I could never play it right. Try after try, I couldn't do it. I believed I couldn't do it. However, I realized that by telling myself that I could never succeed, I would never succeed. So, I told myself that I would succeed, that I wouldn't fail. I ended up getting the right take right after thinking that.

勞加莉 **Tia Lao:** Recently, I have had a lot of activities after school, so I don't have a lot of time to do homework or study. I figure out which assignments are more time-consuming and which have the closest due dates, and do those first. After that, I order my homework based on how important the assignments are, using my time wisely to make sure that I get everything done.

張柏鈞 **Kaj Werden:** One time, I went to the beach and got a cut on my scalp after getting knocked over by a wave and hitting my head on a cave rock. Right before Kung Fu class, my mom and dad put alcohol on it to disinfect it. It burned a lot, but I stuck through it and went on to Kung Fu class.

余承蓉 **Iris Yu:** I was frustrated when I had to study for the Chinese test because I couldn't understand the Chinese sentences. I adjusted my approach by studying for only 15 minutes every day, so I could prepare myself and not burn out.

張穎涵 **Aria Zhang:** There was a time when I experienced writer's block. I couldn't write anything useful or interesting. I decided to approach this differently by working through my problem step by step. I fixed my sentences using more advanced vocabulary.

溫睿成 **Aiden Wen**: There were many times when I faced a problem that I could not solve (math or physics). I had to motivate myself to keep working toward my goal. I just remembered why I was doing the problem and pictured how I would feel after I solved it.

鄺子健 **Alexander Fong:** 不會放棄，一直做到成功。

CLIP G8

MILLER NEWS 米樂校園動態

Ms. Chern, Room 49 - 8th Graders

我的媽媽總是說，等我長大以後，可能都不需要自己開車了，因為到時候車子都可以自動駕駛了。在未來十年，人工智能會在我們的生活中變得更重要。我們應該學習如何使用人工智能和電腦科技。

對於十年以後的世界環境，我有很多想法。首先，如果我們要防止地球暖化變得更嚴重，我們可以投資再生能源、保護森林和動物、節約用水、確保有足夠的食物，以及建造更安全的建築物，減少極端天氣帶來的傷害。雖然很多人都覺得自己只是一個人，不會對環境有很大的影響，但是實際上，我們每一個人都對保護環境有責任。

當然，在我們自己的生活中，我們應該保持身心健康，也要跟別人（特別是家人）保持良好的關係，這些也是我們非常重視的方面。我們必須讓自己在情緒和心理上保持堅強，這樣以後遇到挑戰時，就可以更容易地解決問題。我們也要學會善用未來的科學技術，讓生活變得更美好。

✍ 沈奕蓮 Elaine Shen

我相信有一些工作，機器人的人工智能永遠都不能比人類做得更好。這些工作就是需要同理心或創造力的工作，像醫生、畫家等等。現在的電腦沒辦法有全新、屬於自己的想法，只能學習人類已經發現的東西。人類的創造力大多來自他們的感情，這也是電腦和機器沒有的。

但是，雖然我覺得機器人在某些方面不是太好，在很多方面卻已經比人類做得好很多。它們比較擅長的方面有編寫程式、翻譯、處理和整理數據等等，而且做某些工作比我們快很多。所以我覺得人工智能是一個非常好的工具，可以幫助我們，讓我們的日常生活更方便。

但是，很重要的是，我們不能太依賴人工智能。我們要有自己的思考判斷能力。我們應該學習怎麼好好地使用人工智能，讓它在很多不同的方面幫助我們。

✍ 楊海言 Joshua Yang

CLIP G8

MILLER NEWS 米樂校園動態

Ms. Chern, Room 49 - 8th Graders

我認為十年後，人類一定會大量使用人工智慧。在分類、找資料和計算方面，人工智慧一定會做得比人類好，很多工作都會被取代。

但是，機器終究不會有人與人之間的感情。雖然機器人能夠模仿人與人之間的互動，但最後我們還是會感覺到有點不對勁。

比如，現在有些飯店的前台接待員可能是機器人。他們講話聽起來就像在讀稿子一樣。人類能夠察覺其他人的感情。如果前台接待員看到你心情很好，他可能就會跟你說說笑笑。如果他看到你很累，說不定就會減少聊天，讓你早點回房間休息。

也許一百年後，機器可以完全模仿人與人之間的互動。但是，我不認為十年以後機器會取代需要人與人互動的工作，比如老師、醫生和銷售人員。這些工作都需要能夠跟其他人交流，並建立良好的關係。

這就是為什麼我認為要為十年以後的世界做準備，我們要學會跟其他人相處，學會把自己的意見表達出來，並且和別人溝通；當然，多交幾個好朋友也會有幫助。

✍ 陳政澔 Aric Chen

十年以後, 學生應該會用更多電子工具學習。如果我們有不懂的問題，機器人可 以馬上回答我們。可是，我覺得學生還是需要老師，因為老師可以教我們怎麼跟別人溝通，也可以幫助我們解決一些人跟人之間的問題。

另外，十年以後的醫院會有更先進的醫療設備。醫生可以用更好的機器檢查病人的身體，讓病人得到更準確的診斷。我希望十年以後的世界會有很多新的科技，讓我們的生活更方便；也希望未來的環境更好，因為人們會發明更多環保汽車，減少空氣污染。

✍ 馬雨菲 Yufei Ma

CLIP G8

MILLER NEWS 米樂校園動態

Ms. Chern, Room 49 - 8th Graders

「如何為十年後的人工智世界（AI）做好準備」，我覺得這個問題有很多答案，不會只有一個答案。我的想法是，以後很多以前由人類做的事情，都會變成機器人做的工作，因為機器人不會經常出錯，而且使用機器人也不會花太多錢。

現在，很多畫家的畫作就被人工智能取代了。AI 用別人的畫作來產生自己的畫，只要等十秒鐘，你就可以得到一幅很好看的畫。雖然以後機器人會取代人類的一些工作，但是這不一定是壞事。我們可以選擇機器人不會做的工作，然後研究怎麼做好那個工作。

✍ 詹惠文 Claire Chan

在人工智慧普遍使用的未來，人類可能無法再只靠重複性或勞動性高的工作賺錢。舉例來 說，在工廠製作娃娃的工人，很可能就會被機器取代。工廠的老闆只要 花錢購買一台製作娃娃的機器，這台機器就能不領工資，還能沒日沒夜地幫他做娃娃，做得又快又好，出差錯的機率也很低。

在可見的未來，這種只需要單一技能的工作很可能會被取代。那麼，什麼工作才不容易被取代呢？我認為不容易被取代的工作至少需要具備一個特點：這個工作需要精細的手藝, 例如藝術家、特殊建築設計師或頂級廚師。

這些工作雖然也是某種形式的勞動，但是要把這些工作做好，需要多年的練習，還需要從不同角度看世界的能力。這些工作也需要非常細緻的觀察力。藝術家最有價 值的地方並不只是他們的繪畫技巧，而是他們可以透過不同的視角、光線和 顏色，把平凡無趣的日常生活呈現在畫紙上，變成一個故事。

Girls on the run @ John Muir Elementary

Girls on the Run is for every girl, no exceptions.

The Girls on the Run program focuses on the whole person- mind, body and social connection. The evidence-based curriculum includes:

- Joyful physical movement-based activities
- Relevant group discussions that teach life skills and critical thinking
- Setting goals in preparation for a celebratory 5K
- Trained coaches who teach the importance of nurturing emotional health
- Lessons that create a sense of belonging and acceptance to make a welcoming place for all

Needs a Lead

Get involved with a program that inspires leadership, healthy habits, and new friendships all at once.

IN A RECENT SURVEY, 98% OF PARTICIPANTS REPORT THAT THEY:

- HAD FUN AT PRACTICE
- WOULD RECOMMEND THE PROGRAM TO A FRIEND
- FELT THAT THEIR TEAMMATES SUPPORTED THEM

A GOTR SEASON LOOKS LIKE THIS:

- Making new friends in a safe, inclusive environment
- Learning to celebrate what makes each girl unique
- Gaining confidence in who they are on the inside and out
- Learning to give and receive support
- Finding inner strength through physically activity
- Confidently completing a non-competitive 5K
- Having so much fun!

Run, hop, roll, walk, push, or skip – participants of all abilities have a place on our team.

We are looking for coaches for Spring 2027! Reach out to gotr@cusdclipco.org
